

Allan Miller
SCBA President, 2006-07

"I was fortunate to work with a very strong and conscientious board and staff that included South Carolina's finest broadcasters. We started 2006 by welcoming a new NAB president, David Rehr...our leadership visited with him in Washington and built a strong early relationship with David. He visited our state three times during the year including our highly successful Summer Convention in Hilton Head which included a keynote speech from political and Hollywood icon Jack Valente. Jack spun stories that none of us will ever forget. The board had a very busy year of political advocacy including defeating another attempt to eliminate the state sales tax on broadcast equipment and building strong relationships with Congressman John Spratt and Senator Jim DeMint. The SCBA board led the national effort in advocating 'AM radio on FM translators.' So far, the effort has been successful in gaining temporary authority for over 200 AM stations including over a dozen in South Carolina. We also initiated plans to observe the Association's upcoming 60th anniversary in 2008 by commissioning Winthrop professor Haney Howell to write the history of broadcasting in South Carolina. During 2006, the SCBA Hall of Fame moved from McKissick Museum to a more prominent location at the USC School of Journalism".
